

STRA.TECH.MAN LAB

Showcasing the Ongoing Projects and Research
Impact

INTRO

Emerging from comprehensive, multi-year studies in international political economy and entrepreneurship, the Stra.Tech.Man Lab represents a dedicated research team. Our primary aim is to advance academic and practical business education, leveraging and enhancing the scientific methodologies we've developed. This also extends to contributing to scholarly literature through authoring scientific books and articles. In the following sections, we provide a detailed overview of our team's current projects and a thorough analysis of the impact our research has had since the lab's inception.

RESEARCH IMPACT¹

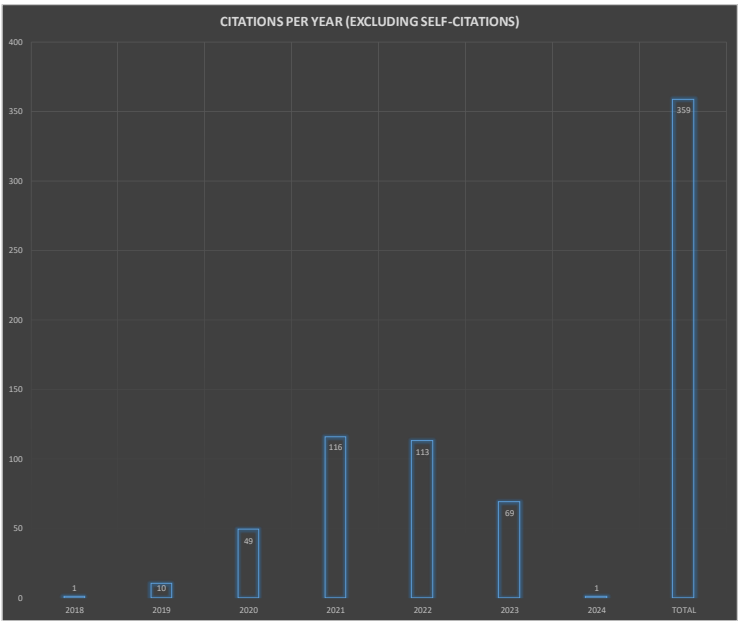

I. Total Indexing in Citations (Excluding Self-Citations)

This graph represents the total number of times our work has been cited in different academic indices, excluding self-citations.

II. Citations per Year (Excluding Self-Citations)

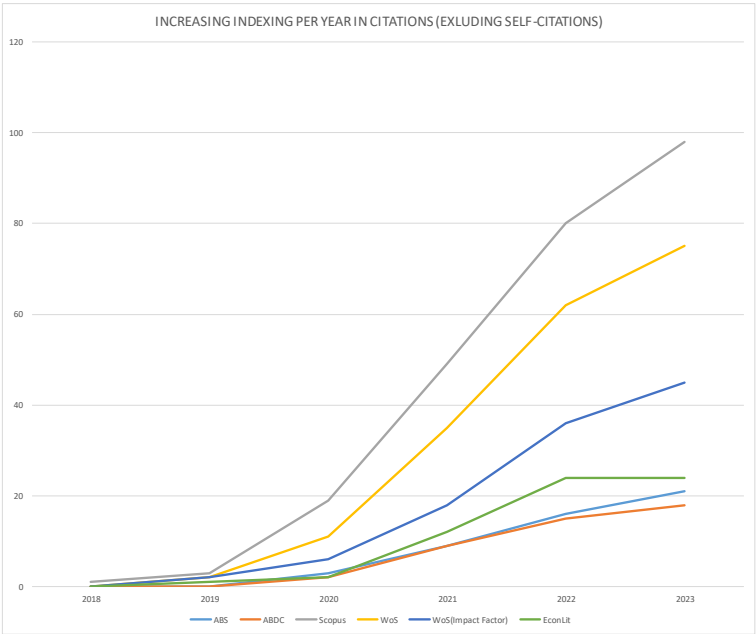

This graph showcases the annual citations of our works in various indices, with self-citations removed from the count.

¹ The complete list of citations: <https://1drv.ms/b/s!AtmwMUiMWG04h9AVVADoyaFePaDpbg?e=RJRzpA>

III. Increasing Indexing per Year in Citations (Excluding Self-Citations)

This graph depicts the annual growth in citations from different indices, again excluding self-citations, highlighting the increasing impact of our work over time.

IV. WoS (Average Impact Factor) in Citations (Excluding Self-Citations)

This graph charts the annual average impact factor from the Web of Science index for our cited works, excluding self-citations, serving as an indicator of the influence of our research within the academic community.
